About Us

On 13 March 2019 a vision took place in the name of TSNM School. It was a dream come true to Minda Group. The dream of opening a CBSE School under the umbrella of Minda Group. The opening ceremony took place at 9:00 AM on 13th March 2019. It was indeed a special evening where guests, well-wishers, Village's Sarpanches had all gathered to take part in the celebration of the inauguration.

This school has touched the sky having Japanese delegates as a special guest. The ceremony was witnessed by large number of parents and well wishers who had come to grace the occasion. The air was filled with earnest expectations where the brand new beginning marked many firsts.

MESSAGE FROM THE PRINCIPAL'S DESK

**“Live as if you were to die tomorrow.
Learn as if you were to live forever.”-
Mahatma Gandhi ji.**

**“The greatness of humanity is not
in being human, but in being
humane.”**

At the very outset, I would like to thank Mr. President, Sir Nirmal Mindaji and Ma'am, Mrs. Suman Mindaji for having provided us with "The Suman Nirmal Minda School" - an "oasis of excellence" in the otherwise arid field of quality education for the people of Detroj, Ahmedabad and the neighbouring area.

I feel truly blessed and take great pride to be associated with The Suman Nirmal Minda School and welcome you all to this temple of futuristic education.

In this rapidly changing era, it had become very challenging to provide a well-balanced, relevant and modern educational framework to the learners.

Today, TSNMS is not only to pursue academic excellence but also to motivate and empower its students to be lifelong learners, critical thinkers, and productive members of an ever-changing global society.

I strongly believe as an Educationist that "Educating the mind without educating the heart is no education at all."

At TSNMS, we are providing a holistic, student-centric environment to our students for multifaceted development, where children are encouraged to channelize their potential in the pursuit of excellence.

The talents, skills, and abilities of each student is identified, nurtured, and encouraged so that he / she is able to reach greater heights. Students are provided with a platform to think, express, and exhibit their skills.

TSNMS converts every individual into a self-reliant and independent citizen and provides an amalgam of scholastic and co-scholastic activities. Learning is not attained by chance, it must be sought for with ardour and attended to with diligence. The beautiful thing about learning is that nobody can take it away from you.

We allow and give freedom to our students to explore and give them the wings to their DREAMS.

Together we can make the world a better place – We Care.

Cheers & Warm Wishes,
Principal
