

Activity Report for the Month of April 2023

## New Session – Welcome Activity

These tiny tots put their first baby steps and entered into the real world of learning that takes place only in an institution like TSNMS. Wishing them best of learning for their future in a wonderful way and offering a warm & hearty welcome from the Preschool Teachers.

## World Health Day

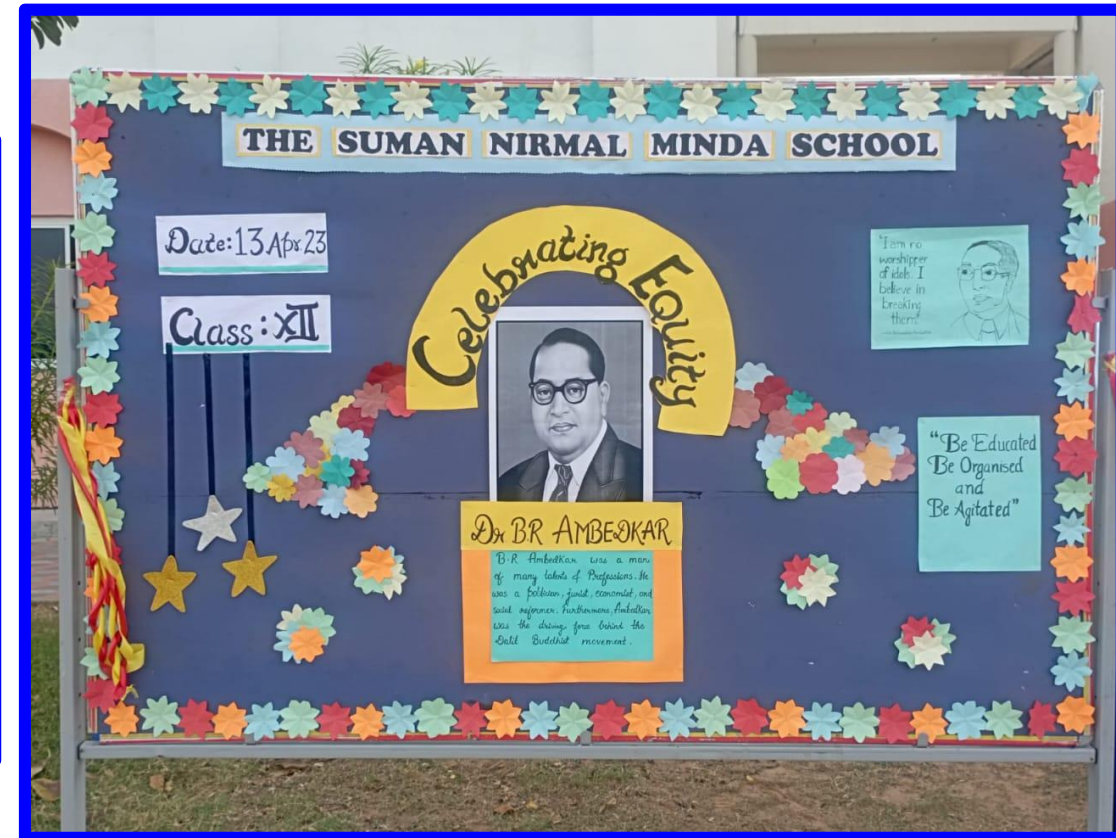

The World Health Organization (WHO) was established on 7th April 1948. Realizing the importance of health for successful life all over the world, World Health Day is celebrated on 7th April on the day of the establishment of the World Health Organization (WHO). World Health Day is a globally celebrated as Health Awareness Day. It is said that health is life, but in today's busy and stressed life, we are not able to pay full attention to our health. Students of THE SUMAN NIRMAL MINDA SCHOOL celebrated World Health Day by watching awareness videos of how to be healthy and help others who are in need. They also showcased their creativity by drawing beautiful posters, writing Articles and showcasing their talent through their different creative activities.

## Key Highlight of the School

### Celebrating Equity- Dr.BR Ambedkar (Assembly-XII)

A special assembly was conducted by the students of Grade XII on the theme Celebrating Equity (B.R.Ambedkar)"The purpose of Education is to moralize and socialize the people "On the occasion of Dr. Ambedkar's birth anniversary, let us pledge to continue his legacy of fighting for social justice and equality. Let us work towards building a Society that is truly equitable, where every person has the opportunity to live a life of dignity and respect. The main highlights of the assembly: Gayatri mantra followed by Prayer / Thought for the day / Word of the day and News followed by a Dance Performance with the blend of role play.

## Designing Book Cover (IV-V)

Designing the Book Cover is an activity which helps individuals to learn about particular themes to create, Innovate and design covers of their book. This Activity helps to develop skills like creativity, innovation, observation, critical thinking. Students of Grade IV and V designed their Drawing Book Cover in different themes. They enjoyed and enhanced many skills.

## Book Marks Making (I-II)

We would like to Thank all the participants of the Book Mark making competition for their creative and imaginative designs. We are impressed with the level of the effort and enthusiasm put in by all the students, and we appreciate their participation.

## Celebrating Earth Day- Nature Club

“Earth rejoices our words, breathing and peaceful steps. Let every breath, every word and every step make the mother Earth proud of us.” Our Dear Earth 🌍 - our beloved planet , We wish everyone knows your worth and treats you with care and love you deserve... Mindanians moved one step closer to nature and pledged to take care of it. Students of Grade IX and Grade XII presented an inspiring Assembly on the occasion. Other activities done by Mindanians were #Tree plantation # Hand Printing # Dry leaves Craft # Posters # Writing poetry on Earth # Mime act to spread Awareness. Hope this Earth day will bring awareness among all and everyone will treat our planet more humbly...

## GERMINATION ACTIVITY

Plants being the source of life plays a vital role in each and every living thing present on the planet Earth, our Pre-school kids learnt the process by which a seed turns itself into a tiny plant and then grows day by day. Apart from giving us fruits, flowers, it provides us with oxygen, our toddlers learnt that a small seed needs sunlight, water and soil to grow. Their Gross Motor skills are refined along with having fun by performing such an activity.

## PAPER TEARING ACTIVITY

The passion to learn something new each day in a creative way is leading us towards a bright future. Our little angels of TSNMS have done paper tearing and pasting activity with the help of pre-school teachers with so much of zeal that has improved their hand - eye co-ordination and fine motor skills. Through this activity they have gained the knowledge of colours, shapes and the values of sharing and caring.
